## Dermatology & Cosmetic Center

### Cosmetic Dermatology Services

## Skin Health Services

### Steam & Extractions (30 minutes) \$65

A maintenance treatment that uses steam to open pores, allowing the esthetician to remove impurities that build up over time.

### Milia Extractions (30 minutes) \$65

Milia develop when keratin gets trapped beneath the skin's surface. This treatment is designed to safely remove these cysts.

### Customized Clarity Facial (50 minutes) \$85

This treatment is customized to target your personal skincare goals and restore your skin's protective barrier.

### Deep Pore Cleansing Facial (60 minutes) \$100

Deep cleaning targets clogged pores and cystic acne. With a series of treatments, we can help clarify your skin and remove impurities.

### Dermaplane (40 minutes) \$95

Dermaplaning exfoliates the skin, removing dead cells and vellus hair. This treatment leaves your skin glowing.

### Dermaplane Facial (60 minutes) \$95

Adding a facial to your dermaplane allows us to perform extractions and apply customized masks and serums to enhance your results.

### Microdermabrasion (40 minutes) \$95

Microdermabrasion is an exfoliation treatment that enhances texture and brightens dull skin trapped beneath dead cells.

### Microdermabrasion Facial (60 minutes) \$125

Adding a facial to your microdermabrasion allows us to perform extractions and apply customized masks and serums to enhance your results.

## Chemical Peel Services

Chemical peels are an effective way to proactively manage aging and restore various skin conditions. Our medical-grade treatments include:

- Tea Tox Lactic Acid Peel
- Replenix Perfect 10 Peels
- Glytone Glycolic Peels
- And more

## Injectable Dermal Services

After your initial consultation, your provider will recommend the most suitable dermal filler to help you achieve your desired results. We use popular, medically tested facial fillers, such as:

- Botox
- Dysport
- Juvederm
- Restylane
- Volbella
- Volure
- And more
